October 2002

Dear Participating Library,

This new *Union List of Serials in Pacific Island Libraries* is the 5th revision of what was formerly titled the *Union List of Serials in the Libraries of Guam and Micronesia.* This change comes about as we again expand our geographic boundaries and thus our resource sharing opportunities to include Pacific Island libraries outside the Micronesian region

The first edition of this resource sharing tool, published in 1987, and titled the *Union List of Serials in Libraries in Guam*, included the periodical holdings of 17 libraries on Guam. The 3rd revision, titled *Union List of Serials in Libraries in Guam and Micronesia*, was published in 1997 and was the first effort at geographical expansion to include libraries in Micronesia. The revision included the periodical holdings of 27 libraries, with 15 of them scattered throughout the Micronesian Islands.

The 4th revision, published in a very limited edition in 2001, was used as a training tool at the *FSM Summer Training Institute for Librarians* held in Pohnpei, Federated States of Micronesia in June 2001. In the 4th revision, we added the holdings of the Secretariat of the Pacific Community Library (Noumea, New Caledonia). We also updated the holdings of the Naval Hospital Library (Guam), Guam Territorial Law Library; the Northern Marianas College Library (Sapian), the University of Guam Micronesian Area Research Center and some of the holdings of the University of Guam RFK Library.

This new *Union List of Serials in Pacific Island Libraries* now contains the holdings from the University of the South Pacific Library in Suva, Fiji, as well as a complete update of holdings from the University of Guam RFK Library, Guam Public Library, College of Micronesia-FSM Library (Palikir, Pohnpei), College of the Marshall Islands Library, Micronesian Seminar Library (Pohnpei), Palau Community College Library, Guam Memorial Hospital Library, Guam Community College Library and the Anderson Air Force Base Library (Guam). With the growing use by Pacific Islands libraries of modalities for electronic document delivery including E-mail attachments and ARIEL, an Internet based document delivery software, it is hoped that this publication will support more widespread resource sharing within the region. To this end, ARIEL and E-mail addresses of libraries are included in this revision, where available.

We are constantly updating this resource sharing tool and welcome libraries in the Pacific Islands not yet included in this list to submit their holdings. All that is needed is a list of the periodical titles in your collection with their corresponding holdings information using the conventions shown in the *Contributors Information Sheet* on the following page. Any corrections, additions and comments involving this resource sharing took should be sent to:

Phone: 671-735-2345/2311 FAX: 671-734-6882
E-mail: <acohen@uog9.uog.edu>

We hope you find this tool useful. Let us know what we can do to improve it. And, thanks to all the contributing libraries for their support and cooperation, and the tireless efforts of Patty Yoshida, our Circulation Technician for her long hours of work on this resource sharing tool.

Contributors Information Sheet

A **union list** is a catalog based on two or more collections, either in different institutions, or in different libraries or departments of the same institution. It gives, appended to one bibliographic record for each discrete serial, the locations and summarized holdings information of the respective collections in the respective institutions.
